

Outbound Sales and Customer Support

Property Data Solutions - PDSlive

Property Data Solutions – PDSlive is a rapidly expanding web based property information provider who is looking for an outbound sales & customer support assistant to join their motivated team. This role has been created due to the national expansion of the company and increasing customer base.

Working within an enthusiastic team, this role will see you providing exceptional customer service whilst promoting the benefits of the PDSlive product to prospective real estate agencies and property professionals.

Working within a dynamic sales/customer support team, duties will include:

- » Promoting PDSlive to prospective clients
- » Generating quality leads for the sales team
- » Customer website support
- » General administrative duties

Skills required:

- » Intermediate skills in Microsoft Office, Email & Internet
- » Customer Service
- » Excellent Communication
- » Experience within either the Property, Real Estate or Valuation industries preferred but not essential

This is a Monday to Friday position based in Brisbane. Salary of up to \$35k will apply dependent upon experience.

This is a perfect opportunity to get your foot in the door in the property industry and be part of a fast moving national company.

If you have previous experience working in an Inbound/Outbound Customer Support role within a professional office environment please email your resume today to careers@pdslive.com.au.
